Thursday 4th February 2010
6.30-8.30pm

Laura Wallace

McKenna & Co are delighted to present an exhibition of recent works by the artist Laura Wallace. Laura's paintings express a vital energy, with her strong sense of colour and generous application of paint evoking an intensity that effectively captures the moment. The two very different themes that Laura finds herself returning to are her interior still life flower studies, their quiet serenity contrasting markedly with her dramatic land and seascapes that define the enigmatic and wild coastal beauty of Orkney. Laura's paintings are still very affordable, with a price range of £400 to £4,000.
